

ABOUT US

LP Road Services is led by Directors Jack Gilbee and Craig Lieschke. Lifelong mates from Bethanga, both have built successful careers within the road construction and civil industry before joining forces to work together in 2023.

Today, their business is built on trust, hard work and a straightforward approach to looking after their clients. Approachable yet professional, Jack and Craig take a hands-on role in every project, working closely with councils, contractors and private clients to deliver practical solutions, quality workmanship and long-term value.

Backed by an experienced team, LP Road Services specialises in pavement stabilisation, road rehabilitation, civil construction and project management, delivering safe, efficient and cost-effective outcomes across Victoria, New South Wales and Queensland.

CORE CAPABILITIES

Stabilisation
